# Pharmacy Directory

Participating Pharmacies in the United States, the U.S. Virgin Islands, Puerto Rico and Guam

The following is a listing by state of the pharmacy chains participating in the CIGNA National Pharmacy Network. In addition to the chains shown here, CIGNA has contracted with a number of independent pharmacies and participating dispensing physicians of Allscripts Healthcare Solutions, Inc., in each state. Please call CIGNA at the toll-free number on your CIGNA ID card, or visit our Web site at [www.cigna.com](http://www.cigna.com) for more information.

## Medications Delivered to Your Home

CIGNA Home Delivery Pharmacy is especially for individuals who take prescription medications on a regular basis (including Specialty medications). It offers:

- Up to a three-month supply of medications in one order
- Delivery of your medication to your home at no additional charge

To get an order form, you can go to the “Pharmacy” tab on [myCIGNAforhealth.com](http://myCIGNAforhealth.com) or call 1.800.835.3784; and we will be happy to help you.

To order a specialty medication, visit [www.cigna.com](http://www.cigna.com) and click “Resources for Members.” You will see the “Specialty Pharmacy” tab where the specialty medication order form is located. You can also call 1.800.351.3606 to speak with someone directly.

## Preventive Prescription Drug Option

Preventive medications are those prescribed to prevent the occurrence of a disease or condition for those with risk factors, such as high blood pressure, high cholesterol, diabetes, asthma, osteoporosis, heart attack and stroke, or to prevent the recurrence of the disease or condition for those individuals who have recovered. Preventive medications do not include medications used to treat an existing illness, injury, or condition.

For some pharmacy plans that require you to pay a certain amount toward your medications before the plan coverage begins, preventive medications may be covered before you reach that amount. However, to be sure, you should read your enrollment information to see how preventive medications are covered based on your specific plan. A list of all covered preventive medications is also available on [www.cigna.com](http://www.cigna.com). Preventive medications are identified by a “PM” symbol within the drug list search.
